2. **Make a lark's head knot.** Take one of the cords and fold it in half. Make a loop at the end of the cord and place it over the crochet hook. Pull the two ends of the cord through the loop to create a lark's head knot.
3. **Repeat step 2 to create three more lark's head knots.** You should now have four lark's head knots on your crochet hook.
4. **Slip stitch the cords together.** Take the first two cords on your crochet hook and slip stitch them together. Slip stitch the next two cords together. You should now have two cords remaining on your crochet hook.
5. **Double crochet around the cords.** Double crochet around the two cords on your crochet hook. Double crochet in each stitch around the cords. You should have 12 double crochets around the cords.
6. **Slip stitch the cords together.** Slip stitch the cords together in the same way that you did in step 4. You should now have four cords remaining on your crochet hook.
7. **Repeat steps 5 and 6 until the coaster reaches the desired size.** The size of your coaster will depend on how many double crochet rows you make. Continue repeating steps 5 and 6 until the coaster reaches the desired size.
8. **Finish off the coaster.** Once the coaster reaches the desired size, finish off the coaster by slip stitching the cords together. Cut the cords and weave in the ends.
