Vault 13 is a secret vault located on the planet Gallifrey, the home planet of the Time Lords. The vault is said to contain a powerful weapon that could destroy the entire universe. The Time Lords have kept the vault a secret for centuries, and only a select few know of its existence.

The Doctor is one of the few people who knows about Vault 13. He has tried on several occasions to open the vault, but he has always been unsuccessful. The vault is protected by powerful security measures, and the Doctor has never been able to find a way to bypass them.

In the episode "The Time of the Doctor," the Doctor finally learns the secret of Vault 13. He discovers that the vault contains the Time Lords' ultimate

weapon, the Moment. The Moment is a powerful device that can destroy entire timelines. The Time Lords created the Moment as a last resort, in case they ever needed to destroy themselves or their enemies.

The Doctor is horrified when he learns the truth about the Moment. He knows that if it ever fell into the wrong hands, it could be used to destroy the entire universe. The Doctor vows to keep the Moment a secret, and he seals Vault 13 once again.

The secret of Vault 13 is one of the most closely guarded secrets in the universe. The Time Lords have gone to great lengths to keep the vault a secret, and they will stop at nothing to protect it. The Doctor knows that the secret of Vault 13 is too dangerous to be revealed, and he will do everything in his power to keep it a secret.
