## A Riveting and Heartbreaking Story of Survival

In 2001, Cynthia Zinck's daughter Paige Winter was attacked by a shark while bodyboarding off the coast of Florida. Paige survived the attack, but she lost her right leg and suffered severe injuries to her left leg. In "Far From Shore," Cynthia tells the harrowing story of Paige's attack and the aftermath that tested her family's love and resilience.

Cynthia begins her memoir by describing the idyllic day that turned into a nightmare. Paige and her friends were enjoying a day of bodyboarding when a shark attacked Paige. Cynthia was on the beach when she saw a commotion in the water. She ran to the water's edge and saw her daughter being attacked by a shark.

Cynthia's instincts kicked in, and she jumped into the water to save her daughter. She fought off the shark and helped Paige to shore. Paige was airlifted to a nearby hospital, where she underwent multiple surgeries. Cynthia stayed by her daughter's side throughout her recovery.

Paige's recovery was long and difficult. She had to learn to walk again with a prosthetic leg. She also had to deal with the emotional trauma of the attack. Cynthia was there for Paige every step of the way, providing her with love and support.

"Far From Shore" is a powerful and moving story of survival and resilience. Cynthia Zinck's writing is honest and raw, and she does not shy away from the difficult moments. She also celebrates her daughter's strength and courage. "Far From Shore" is a must-read for anyone interested in survival stories, ocean safety, and the unbreakable bond between a mother and daughter.
